

An example L^AT_EX document

A. Human

January 10, 2019

1 Our first section

L^AT_EX is easy!

1.1 Lists

- An itemised list!
1. A numbered list

2 Some maths

$$h^2 = b^2 + p^2 \tag{1}$$

where h , b , and p are the lengths of the hypotenuse, the base, and the perpendicular of a right angled triangle respectively.

3 A reference
